

# Do you have a new idea to keep seabirds away from fishing vessels?

We can help you turn your great idea into a tip, technique or technology that's good for any kind of fishing, and good for seabirds.

Southern Seabird Solutions offers support and advice to assess and develop promising ideas.

Find out more at [www.southernseabirds.org](http://www.southernseabirds.org) or email [info@southernseabirds.org](mailto:info@southernseabirds.org)

The international mitigation mentor programme is managed by Southern Seabird Solutions Trust. The Trust is financially supported by the New Zealand Seafood Industry Council and the Department of Conservation.
